HOMECOMING 1981

A cool clear night on Dave Boyd field provided the setting for the Santa Maria High School homecoming festivities. During half time of the Saints-Lompoc football game on Friday, October 23, 1981, Linda Martinez was crowned 1981 Homecoming queen. Although the Saints did not quite get past Lompoc (the final score was 10-6), the memories of this night will last forever for Miss Martinez and the other queen candidates.

Adriane Alvarado was sponsored by CSF, the ASB cabinet, FFA, and the yearbook staff. Sponsoring Josie Gomez were FBLA and Somos. Trudy Hernandez was sponsored by the Songleaders, the Pep club, the Drill team, the Freshman football team, and the Freshman class. Candidate Jennifer Johnson was sponsored by Drama, the Band, and the Water Polo team. Sponsoring Linda Martinez were B.S.U., F.H.A., Madrigals, the Sophomore class, and the varsity Basketball team. Leti Ruvalcaba was sponsored by Anahuac.

These girls were selected by means of essays they submitted to a panel of football players. The finalists then campaigned throughout Homecoming Week culminating in the rally and game on Friday.

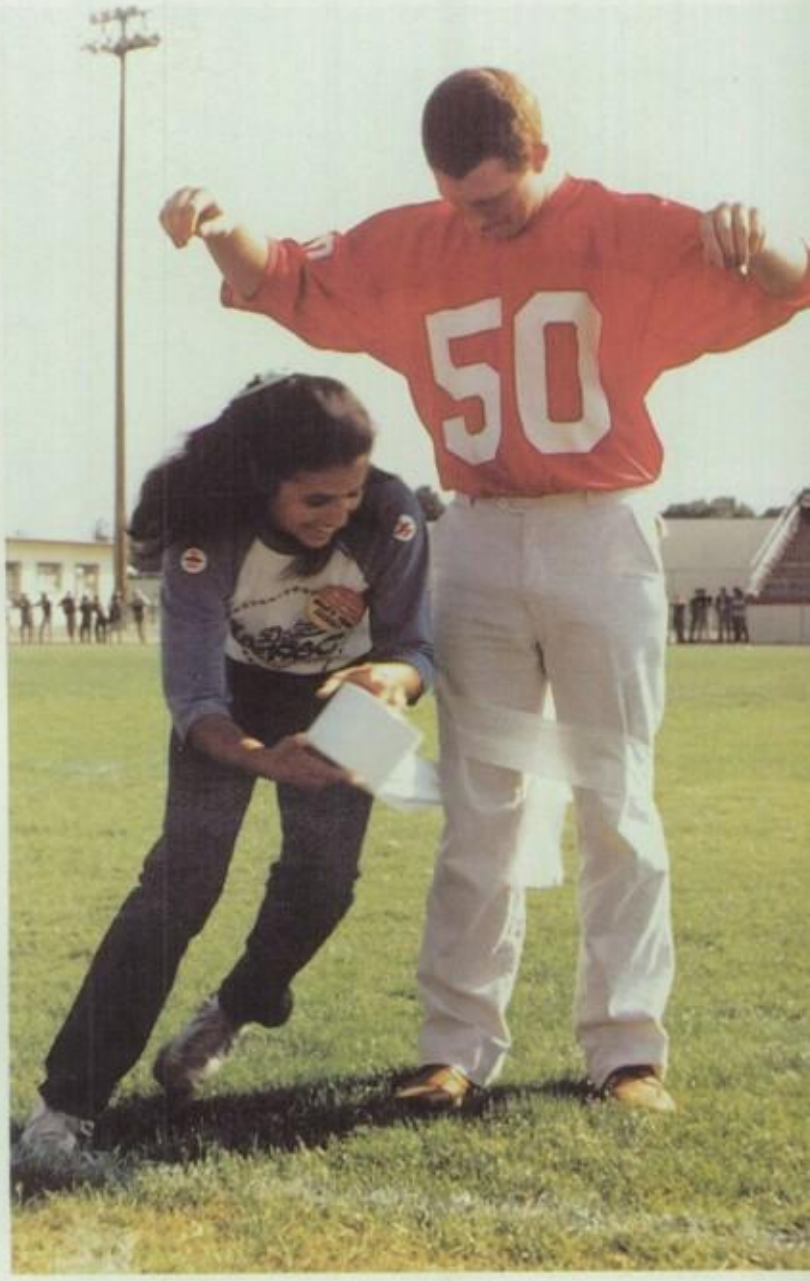
CRAZY DAYS

Top: The guys only show up to watch the cheerleaders perform. Below: ***Andrea Flores*** a walking checkerboard. Bottom Right: ***Aaron Eames*** and ***Gloria Jimenez*** wrapped up in class competition.



The 1981-82 school year brought many crazy days, and rallies to Santa Maria High. Taking place on game days, the rallies were a combination of class competition, the Alma Mater, and crazy performances. The Crazy Days brought out the weirdness in everyone as students dressed up for 50's day, punk rock day, urban cowboy day and crazy day. The rallies and crazy days had no problem in promoting school spirit.

PROMOTING SPIRIT

One of the most popular ways of promoting school spirit is by having a crazy day. Santa Maria High had many of these spirit-filled days that brought out the craziness in everyone. Punk Rock day seemed to be the favorite of everyone. People came to school with outlandish make-up, pink hair, and garbage bag outfits.

Other days included: fifties day, toga day, cowboy day, and a crazy dress-up day. All had a similar success.

All in all, crazy days brought lightheartedness and spirit to the school — something it badly needed.

Me & Tom

On the night of February 21, starry-eyed couples enjoyed the '82 Corrigan where everybody enjoyed a night of "Endless Love". Music by the Music Machine and decorations by the S.M. Drill team helped supply an atmosphere the night's couples will always remember as pleasant and beautiful. It will especially be remembered by Jay Jeffers and Amy Ajello, SMHS's 1982 Corrigan King and Queen.

TURKEY BOWL: Seniors-12 Juniors-12

On October 1, 1981, practice began for the annual Turkey Bowl, a football game where the girls have a chance to show their talent. Both the Senior and Junior teams were confident they were #1. Practices were long and hard, as the coaches molded the raw talent of the players into a team that would bring pride and dignity to the class they represented. During the month of practice their were enemy scouts checking out the game plan and key players.

November 23 rolled around sooner than any of the players wanted. Emotions were high and tense in the locker rooms before the game while the coaches each gave their last minute advise. At 6:55 p.m. the captains for the Senior team, Leigh Zacrep and Brenda Maynard, met the captains of the Junior team, Becky Reese and Kellie Estalio, for the coin toss. The Seniors won the toss and elected to receive the kick-off. Now the long practices and coaching were over, and it was all up to the players — They were ready.

After a long first half and a few bloody noses, the Juniors went into the locker room trailing 6-0, after Pam Delgado scored on a ten-yard run. Once again the coaches pounded into the players heads, the idea of winning and playing tough. Each team was fighting to give recognition to their respective class and make the coaches proud of their game.

Coach Eames gives some last minute tips.

While the players were getting psyched up for the second half, the all-male drill team was keeping the action alive on the field. The Turkey Bowl King ***David La Barbara*** was crowned and applauded as both teams made their way back to the field. The Juniors came out in the second half to show the Seniors just how tough they were. They did this by scoring on a quarterback sweep by Kellie Estalio to tie the score at six. Leigh Zacrep, the quarterback for the Seniors, gave them the lead again on a short run. The Seniors now started getting a little overly confident and sloppy. The Juniors took advantage of this situation by letting Becky Reese go for an 85-yard sprint to the goal. The score was now 12-12 with 1:00 left to play. The Juniors regained possession of the ball but were plagued with penalties, making it impossible to score again. The final score of the game 12-12, was an appropriate one because of the talent and good sportsmanship that were displayed by both teams. They proved that the whole purpose behind the Turkey Bowl is to have fun and that's just what they did. In closing, all the players would like to thank their coaches for their patience, dedication and support that kept them thru tough practices. Thanks again, Ernesto Garcia, Jamil Gilbert, John Ontiveros, Wes Ford, Aaron Eames, Dereck Dominguez, Emmett Winters, Bobby Perales, and Philip O'Campo.

CHRISTMAS

Masses of people joined together on the morning of December 18, for our Annual Christmas Faire. Many organizations participated in this years festivity. Some booths sold candy, pretzels and other foods, the Freshman Class sold buttons and helium balloons. This year the Ski Club sponsered the "Pie-in-the-face" and groups of students were showing off their "works of art" from the shop classes. The traditional mock weddings and pictures with Santa were also part of our faire.

This years faire turned out to be a success and we would like to thank all the groups and organizations for their participation in the 1981-82 Annual Christmas Faire.

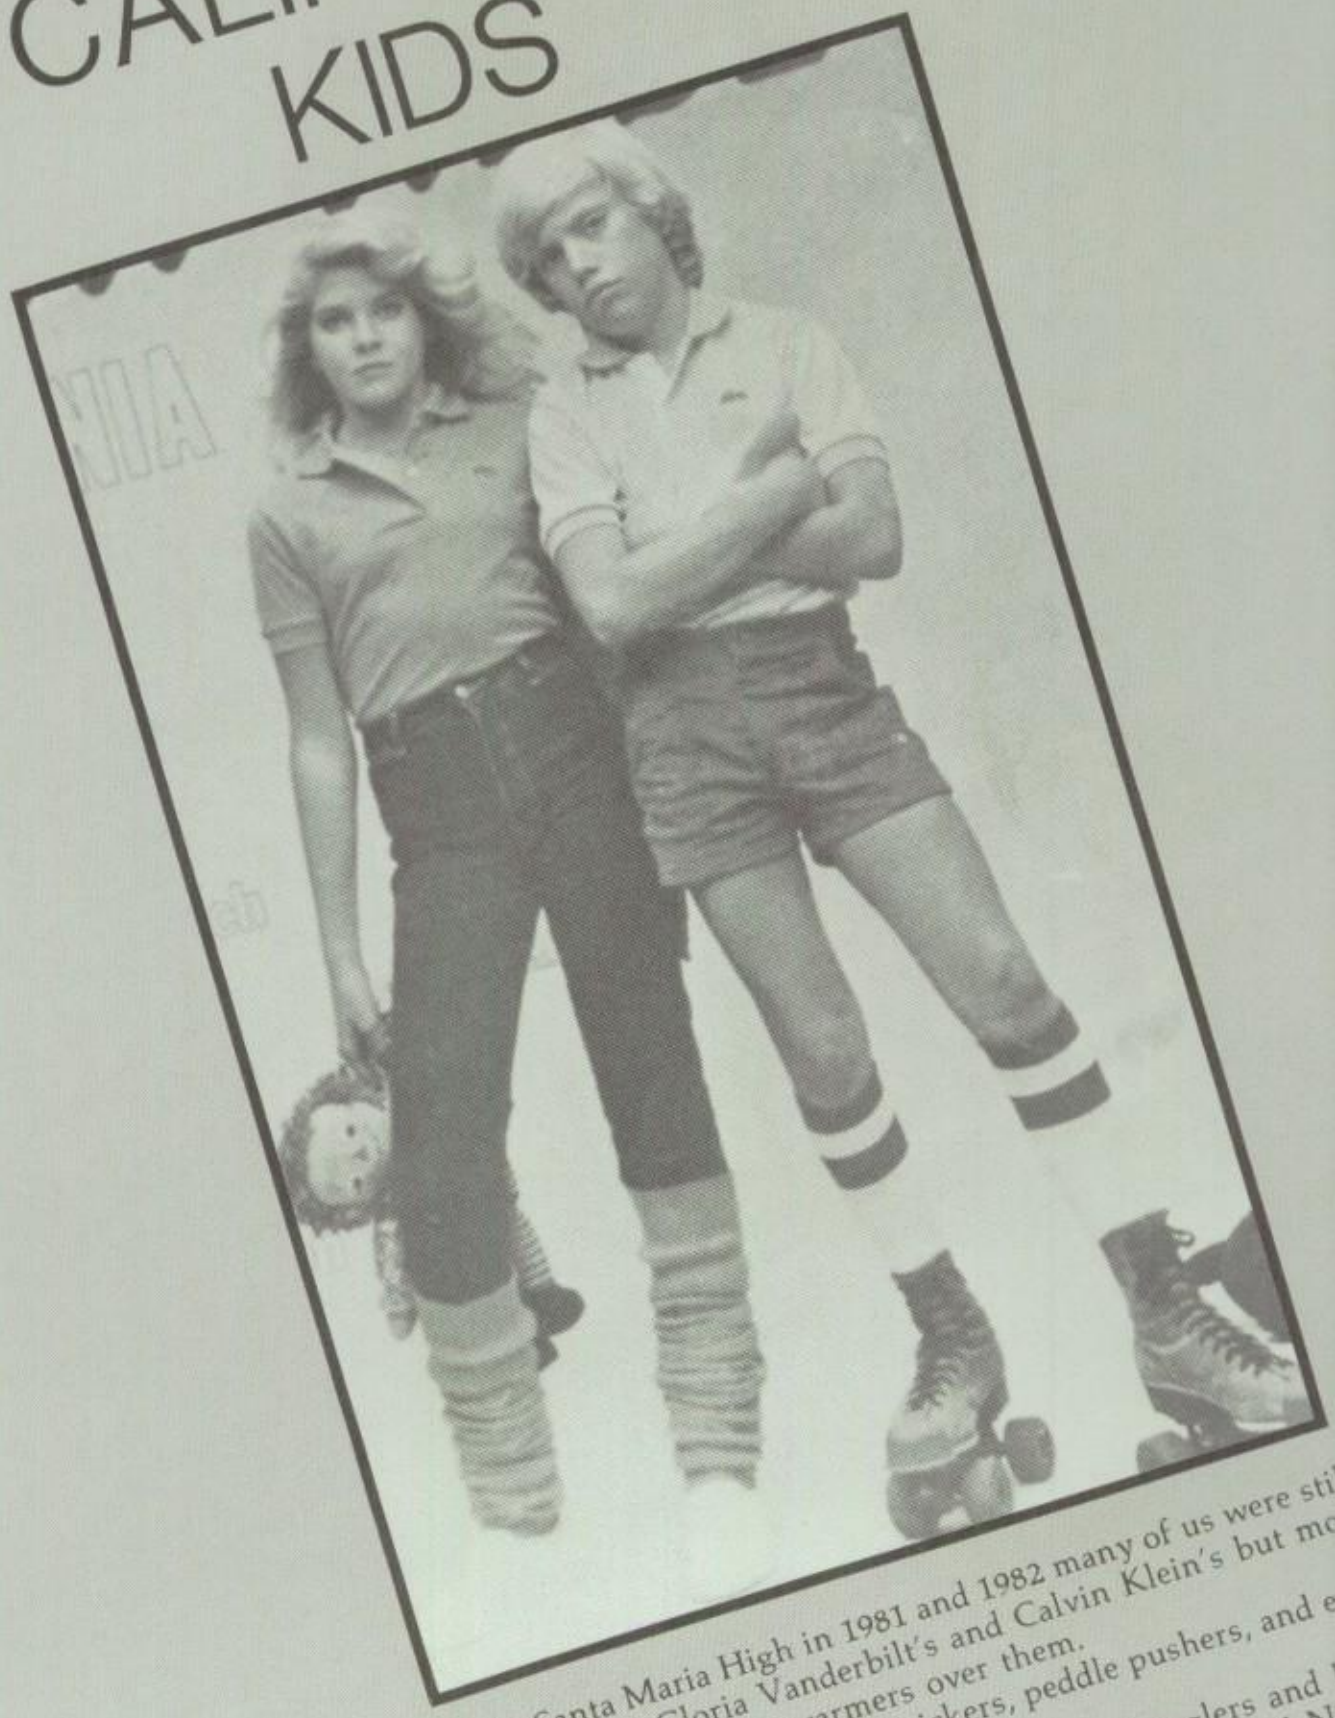
CALIFORNIA KIDS



At Santa Maria High in 1981 and 1982 many of us were still wearing our Gloria Vanderbilt's and Calvin Klein's but most of our jeans had leg warmers over them.
There were lots of us in knickers, peddle pushers, and even some metallic clothing.
Some chose to dress western in their Wranglers and boots and there were always those old favorites, 501's and Nike's.
Alligators were seen on many shirts and Rubik's Cubes in many hands.

California Association of Student Councils Newsletter

Patrick Samonte Appointed To CASC Executive Cabinet 1981-82

This summer, after attending the UCSB II session of CASC Summer camp, Pat Samonte, a Santa Maria High School Senior, was appointed CASC State Newsletter editor.

CASC is the California Association of Student Councils, a non-profit organization working for the benefit of junior high and high school student councils in the State of California. For over thirty years, CASC has been working to assist student councils in the execution and maintenance of effective leadership for their associated student bodies and promote communication among students for the resolution of their local prolems.

"Being State Newsletter Editor has been very exciting and rewarding to me. I have been able to work on a personal basis with many of California's top student leaders, both in front and behind the scenes of a major corporation. I'd estimate that I've downed about 50 No-Doze tablets, 20 extra gallons of coffee, and close to 500 Tylenol capsules, along with calling and crying to Alan (Ross) and Gary (Groth) close to 45 times a week; but when I see the final copy, it turns out to be one of the most beautiful things I've seen!"

Our congratulations and hopes for continued success go to Pat as he goes on to "meet the challenge."

"Saints Are Awesome!"

THE YEAR OF 1981—

At the opening of this year's football season, following a 3-7 record last year, the Santa Maria Varsity Football team was determined to raise cain this season and make CIF for 1981. Unfortunately, these goals were difficult to attain this season as our team was barely edged out of the CIF playoffs, leaving the year's record at 3-7 and marking their first defeat to our crosstown rivals, the Warriors, in nineteen years.

Though not our team's best record, it was a season full of excitement and high spirit throughout each game. It was a season of games where there were no definite winners until the final gun.

Our pre-league game record was 2-3, with our only away game at Santa Barbara. The most memorable game of this period was the game against Quartz Hill. During the fourth quarter the score was 13-6 Quartz Hill. With determination and perseverance, our Red-and-White pulled through with another touchdown, making it a 13-12 game. The crowd was loud and the tension was thick in the air as our offense sought the two-point conversion, looking for a third win under their belt before going into league finals next week. But the crowd's cheers fell to moans of dispair as their attempt was foiled. The night's final score: 13-12 Quartz Hill.

Our team entered league playoffs in a game against Arroyo Grande. The Saints' 13-3 win that night marked their only win in league competition. In the following league games, the team's spirit was weakened from all sides as they met defeat after defeat after defeat. Then came the long-await-

ed Santa Maria-Rigetti match-up, but this year's outlook was not as good as all had hoped. But the spirit was at full strength as both teams and their fans were screaming and shouting into Rigetti Field. And as one Saint gridder put it, "We're gonna give it our best shot." But a 14-6 loss not only gave Rigetti their first win in nineteen years, but also gave them a berth in the CIF playoffs.

Despite the disappointing season, this team was loaded with very talented players. Co-captain Tom Perales received Most Valuable Player, Outstanding Defensive Back, and Most Inspirational Player honors at the Santa Maria High football awards banquet held December 8th. Co-captain Mike Souza received the Three-Year Letterman Award and Wes Ford and Cliff Dominguez both shared the Most Improved Award. Also receiving awards were Eddie Johnson for Outstanding Offensive Back, Jamil Gilbert for Outstanding Receiver, Mark Baker for Best Offensive Lineman, Dan Gray for Best Defensive Lineman, Emmett Winters for Outstanding Linebacker, and Ken DeBone, who was given the Ironman Award for weightlifting.

This season left the spirit of the team in a down mood, but maybe they can find some comfort in something Coach Frank Bentz said at the awards banquet: "There were lessons to be learned from this season. I hope the seniors came away with something. I learned a lot. And when the kids look back, maybe they'll have learned something far more valuable than they realized."

ANOTHER GREAT YEAR

This 1981 football season was another successful year for our Saints Junior Varsity football team as head coach Barney Eames lead the fighting red to a record of 8-0-1 to capture the title of League Champions. From the start of the season our J.V. team glowed with a string of good luck and a roster of excellent offensive and defensive players. This year's most valuable player was Pete Duguran while Mark Jones and Junior Zepeda were this years outstanding offensive and defensive players respectively.

Goals were set even before the regular season began. With high spirits and players such as Hector Velasco and Mark Jones, this year's leading scorers, they set forth to recapture the League Championship. There was one team, as always, that posted the biggest threat, Lompoc, but they didn't stop the "Big Red" "they worked harder than any other team they played against," says Coach Eames as they went on to shut-out 4 teams. And with no major injuries this season, the J.V. football team triumphed game after game as they went on to complete the 1981 football season undefeated.

FOR SAINTS FOOTBALL

The Freshmen were outstanding this year in both defense and offense. All the teams goals were acheived-they beat Lompoc and are the league champs of 1981. This years Frosh. football team was really great and had a lot of team spirit. Tony Lewis, Eric Walker, Isidro Ordonez, and Chris Rodriques were the leading scores, but it was a total team effort that earned them a 6-1 record and 4-0 in the league.

Although Steve Ferrari was injured, the team still went on to be the champs! The offense had an average of 20 pts. per game due to the help of Isidro Ordonez, offensive most valuable player. The defense only allowed an average of 6 pts. per game due to the outstanding help of Jeff Jefferies, but the overall most valuable player was Tony Lewis.

If you look at this year's record, Righetti will have to wait another 19 years!

VARSITY BASKETBALL

Saint's basketball fortunes appeared to be off to a flying start this year with wins over Morro Bay and Santa Barbara in the first three outings, but then the "dust began to settle" and the campaign for the 1981-82 became more realistic. With alternating wins and losses during pre-season play, which included a loss in the Consolation game in the Royal High School Christmas Tourney and then victory in the Consolation Championship in the Atascadero Holiday Tourney, brought the young collection of Saints into league play with a 5-7 win-loss ledger.

Although the Saints failed to garner a win in conference play, Coach Bill Yanez yet maintained an optimistic composure during this season which

saw the three conference representatives fare exceedingly well in C.I.F. play, thus realizing the strength of Northern League competition this year.

Two lone seniors, Tom Perales and Rich Stevens, team co-captains, dotted the Saint squad which played well in virtually all games, only to be turned away in the final minutes of the action. A second year man, Perales was honored with the Coach's Award, while Stevens was lauded for his exciting hustle and example by being named Most Inspirational Player. Doug Peters received the Best Defense Award, along with the Most Improved Player accolade. Robert Cowger was named Scholastic athlete of this year's varsity.

J.V. BASKETBALL

Lack of height was a nemisis on this years J.V. squad which worked long and hard in posting a overall record of 12-12 won-loss mark and a 5-5 effort in league and a third place finish.

Coach John Jimenez's efforts were not totally unrewarded, since bright spots were often visible within the group of spirited Saints.

AWESOME FROSH GO UNDEFEATED

The Freshman Basketball Team along with Coach Sage had a very jubilant year by shutting out every team in the league.

Despite Righetti's fine frosh players, who posed our team with the biggest challenge, we were able to beat them out four times.

Every coach longs for a lanky agile player who can outleap his opponent, which Tom Yanez and Tony Lewis displayed perfectly on both ends of the court.

This 81-82 season was one of great enthusiasm and teamwork. Both on and off the court, Coach Sage helped bring Saint Pride and performance to an outstanding team, as their 21-0 record clearly shows.

Co-MVP went to 6'2" Tony Lewis who earlier in the season made a "slam-dunk" during a game, and Tom Yanez (6'0") who is so smooth—he can fake you right out of your shorts. He can play any position on the floor.

Coach Sage was quoted as saying "As a coach, I'm a lucky guy" he continues on "All this talent came together at one school. When they're all Seniors, there's every possibility that this could be the best team we've ever had."

By the looks of things that slam-dunk gave notice to the whole valley that with people like Yanez, Lewis, Hearst, Dulay, Avalos, Cesares, and Buchan, the Saints are going to be making Basketball news in the future.

MENS TRACK

Someone once said that good things come in small packages. This can be said about the boys 1982 track team. They have quality as seen in Jamil Gilbert, Mark Hopkins, Eddie Johnson, Carl Macmahan, and Chris Dunning. The boys track team is still in the process of getting a new head coach, but they are continuing on until that happens. A new addition to the SMHS track program is the All-Weather track. This means we can have more home meets where the support of the school is appreciated by the tracksters. This addition came after years of persistence by Coach Biddle.

This 1982 team has a great deal of talent and they have the time to develop it. The beginning of the season was a bit hectic and the athletes had a lot of pressure put on them because of it, but now that things are going along a little more smoothly and the tracksters are able to work out, we guarantee there will be no stopping them now!! Good luck on an outstanding season.

FIVE SAINT STRIDERS

Despite it's losing season, the 1982 cross country team proved to be a success. Paving the way for the Saints were Mark Hopkins, Jesse Aguilar, and Gerry Mendoza. Injuries and sickness hampered the Saints as Mark Hopkins, the leading runner, was out with tonsilitis and missed three meets. Beth Trevarrow pulled muscles which bothered her most of the season.

The most valuable players according to Mrs. Harney were Molly Ruedas and Jesse Aguilar, while the most inspirational was Mark Hopkins. April Hoey was named Most Dedicated while Freshmen Maureen Silvera and Patrick Harper were named Most Improved as both dropped their

League Finalist was Mark Hopkins who came in the top ten. Trailing not far behind were Gerry Mendoza, Monte Murray and Jesse Aguilar.

Coach Harney noted that Mark Hopkins and Jesse Aguilar demonstrated their dedication with four years effort for Santa Maria Cross Country. Mrs. Harney stated that "We had good spirit, they tried to give each other moral support, and if they all return and run during the summer we could have a good season next year."

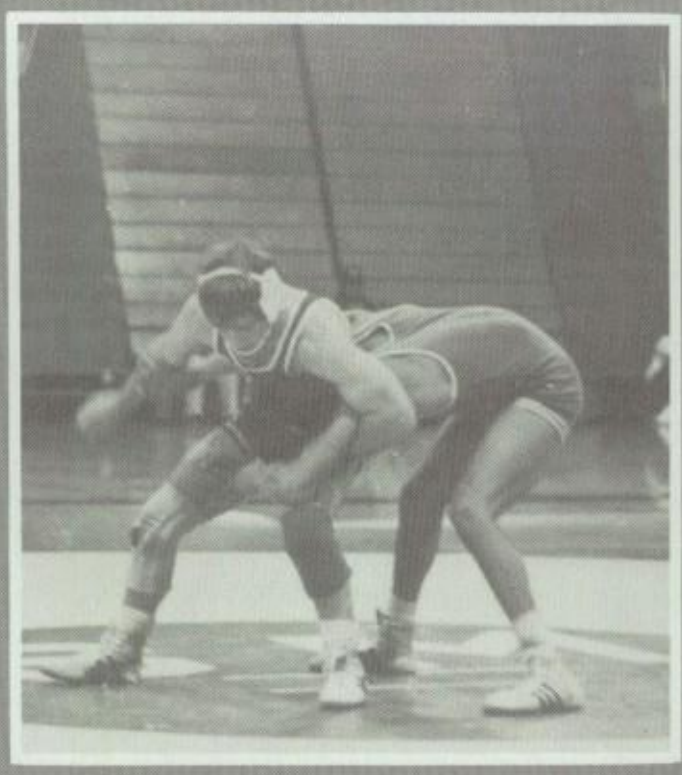
VARSITY WRESTLING

This year's team was outstanding despite the 2-10 record. Raul Castillo (Coach) said the team worked great together and had very high spirits throughout the year. Although Santa Maria has not done as good in the past since 1973 when Jim Draper was C.I.F. League Champ, SMHS has still been a very strong competitor through the years.

Righetti, as usual, is still our closest rival, but when we lost to them this year, it was because the Rigetti wrestlers were afraid to take on Vince Silva who's win could have got SMHS into the lead in overall team points. Ernie Garcia and Troy Martinez both won their Righetti opponents. The other members of the SM team, who are not mentioned, had to overcome very great odds also!



Even though our Santa Maria High Wrestling Team had to beat the odds against them, they did a very good job at overcoming the challenge. Vince Silva was the Most Outstanding Wrestler of the team. Vince must be proud of himself since he has done something that could only happen once. He took first place in the C.I.F.

for his weight class division; this has not happened since 1973 — almost 10 years ago. Ernie Garcia was another outstanding wrestler; he was champ in his division. Troy Martinez was another champ in his division.

Coach Castillo was hoping for four league champs but only got three, and he is very happy with Vince, Ernie, and Troy, who all also made all of SMHS proud. The rest of the team did very good too and should continue on being winners.

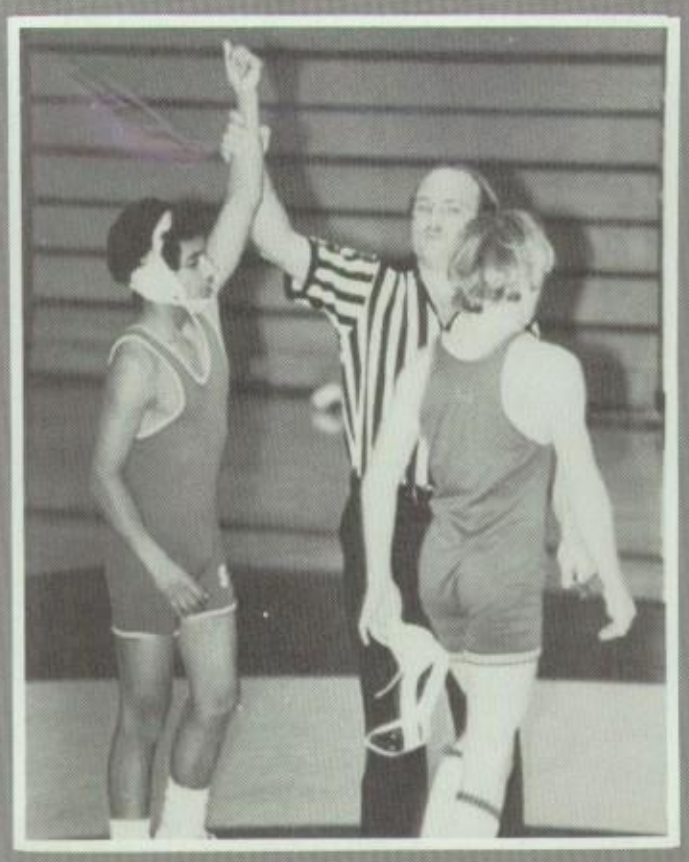
DON'T JUDGE THIS TEAM

There is more to this years Santa Maria Saints J.V. Wrestling than their record shows. Although an 0-8 record is not much to cheer about, Coach Raul Castillo must be pleased with the four tournament champs which, in spite of their team performance, they produced this year: Derek Diaz, Rob Rodriquez, Jene Sheley, and Cam Worsham.

Team spirit seemed to be high during various tournaments this year. Team members coaxed fellow wrestlers, battling on the mat, to keep fighting hard and not to give up. "They worked extremely well together," claims Coach Castillo. But there was one wrestler who received more coaching and worked harder than any other, Rob Rodriquez, this year's Most Valuable and Improved Wrestler.



As for next year Coach Castillo sees many good prospects with many young and talented wrestlers coming and going up in the ranks.

SOCCER PLAYERS

The S.M.H.S. 1981-82 varsity soccer team went undefeated with a score of sixteen wins, and three ties. They placed number one in the league. The most valuable players proved to be David Montalvo, with the leading number of scores, and Alonso Marquez, credited with the largest amount of saves. The strong self-discipline, close unity, and excellent team spirit made the achievement of C.I.F. possible. The biggest challenges of the season were felt to be Santa Barbara, Dos Pueblos (both 4A teams), Lompoc, and Cabrillo. Both the offense and defense were equally strong and effective resulting in the victories over these challenging teams.

The most improved team members of the season were Gerardo Gutierrez, Jose Limon, David Martinez, Fernando Blanco, and Aureliano Santos. Many of these improved players combined with excellent talent produced by this year's Junior Varsity team should make for an unbelieveable 1982-83 season.

GO FOR THE GOALS

The Junior Varsity soccer team set high goals for the 1981-82 season. These athletes balanced the offense and defense and strove for the number one position in their league. Although they ended up finishing third; they put their honest efforts in and shared many unforgettable experiences. The most valuable players were Alfredo Santos, who scored the largest number of goals for the season, and Dagoberto Ojeda with his well-disciplined dedication. Other improved members included Carlos Limon, Orlando Servin, Mark Lorling, and Reuben Reinado. The leading scorers also included Jose Plata and Ruben Peinado.

The team's record included six wins, six losses, and four ties. There were no major or serious injuries throughout the season.

Under the guidance of coach Jim Zepeda, the girls basketball team again improved its final record by posting a 7-11 mark for 1981-82.

Again the mainstay for Santa Maria was, junior, Michelle Perez, who has led the team in scoring. She tallied 18 points per game this season. In rebounding, our leader was, senior, forward, Pam Delgado who averaged about 12 rebounds per game.

Complementing Perez and Delgado is flashy senior Brenda Maynard. 5-foot-4 playmaker Maynard notched 9 points per game.

Two prize forwards, second year coach Zepeda has found, have been Michelle Perez and Brenda Maynard. Perez is considered the quickest player on the team, while Maynard is probably the top rebounder behind Delgado. The landing of Santa Maria's Jennifer Kunst gave the Saints the quick-fast breaking just the right accent to the ball. Kunst poured in around 6.9 ppg this year and provided defensive help which was greatly needed by us.

An outside threat with a deadly set shot is Michelle Perez, who did not miss one game for the Saints this year. She also had her finest hours against Cabrillo and Atascadero scoring 29 points for each game, which was also her highest point total. Perez also shoots 79% from the line.

Coach Jim Zepeda was pleased, with the return of guard Gloria Jimenez who was off the courts for three weeks due to a serious ankle injury. Also injured this season were twin sister Judy Jimenez, guard, Pam Delgado, Brenda Maynard, and Jennifer Kunst.

Freshman center Lisa Bevington (5-foot-11½) and Junior guard Mia Ituralde (5-foot-3) provided additional strength for the Saints this year.

"We are going to do a lot of outside shooting, we are also going to be a very strong team next year with five returning players and several picks from the J.V. team, yet we will still have a lack of height," admits coach Zepeda as he looks forward to next year.

Coach Zepeda's biggest surprise was "having a 5-5 league record." We played some good ball this season, and we can do it again. If we do the right things next season, we will probably beat out more teams than we did this season. Something to look forward to indeed!

Santa Maria Saints girl's J.V. Basketball team won 5 & 5 in league and 8 & 9 in record this season.

Offensively the team worked very hard, but played a good defensive game; being quick, agressive, and outrebounding every team in the league. The team was led by M.V.P., Angela Jimenez, she was top scorer. Theresa Perales was second highest scorer and had most assists; she was Co-Most Dedicated.

Edwina Insilan was third highest scorer and Laura Jimenez, Best Defensive, with 36 steals. Most Improved went to Laura Bontempo. The team was altogether great in sharing most of the scoring and won or lost every game by an average of 3 points a game.

The future looks bright for next year's girls basketball program.

GIRLS SPORTS PICS

The 1981-82 girls softball team is the most talented and hopeful team ever produced in years. Each girl has many years of experience. There are only four seniors on this years team. They are: Leigh Zacrep, Brenda Maynard, Jennifer Kunst, and B.D. Real. The girls play very competively and will surely give Righetti and the other teams in the league a run for their money in league play. Already the Saints are 2-0 and with the hitting of Rhonda McGee, the fielding of Michelle Perez, and the Pitching of Rhonda VanDortractt the Saints are in line for a CIF berth. The team would especially like to thank assistant coach Pete Miranda and managers Ron Malles, Steve Ward, and Mario Gonzales.

Coach Valdez looks on.

As our book went to the press our '82 oftball season had just begun. With five turning players we should expect a fine ason.

We expect a lot from our Freshman tcher Stacey Perez who is very dedicated the sport. Irene Maldonado, our catcher, as two years of experience and works ell with Perez. Another prize Freshman Shawna Stark who is outstanding and always gives her 110%. Wendy Purgarich, who is a two-year veteran plays a fine 3rd-base position. The rest of the unified team works very well together with a lot of team spirit.

Under the direction of Coach Kennedy and Don Moshier and also with the help of manager Steve Ward the J.V. Softball Team should have a fine season.

The 1981-82 Girls Varsity Swim Team steered by Coach Bell, is looking forward to a great year. They have shown a lot of spirit and are determined to make it to the top. Despite the fact that only a few of the girls are experienced swimmers, the others are trying and are full of Saint Pride.

1981-82 GIRLS

Top row: Merritt Wikert, Barbara Souza, Terri Wilson, Kathi Baker. Third row: Gail Wheel Tracey Deschenes, Melissa Rieke, Lori Vasquez. Second row: Nancy Bath, Donna Greatreak First row: Andrea Zuckerbraun, Cathy Lietzke.

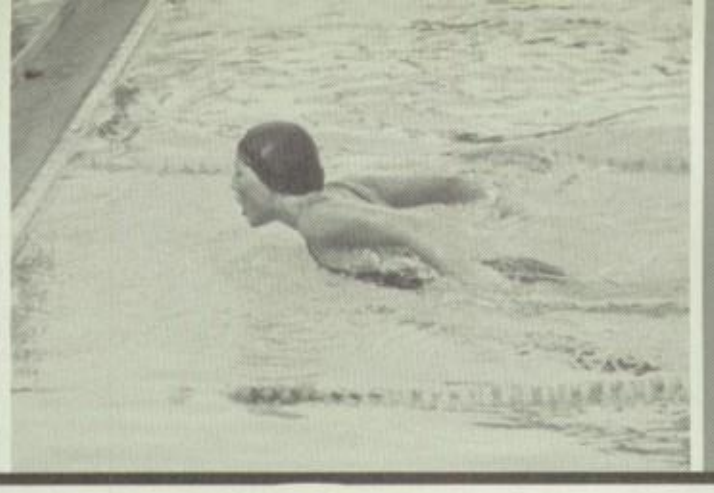
Our best swimmers this year are: Tracy Deschenes, Andrea Zuckerbraun and Merritt Wikert. The most improved are: Cathy Lietzke and Kathi Baker. Though the girls have only swam a few meets and scored low, they have not given up. Through hard work and determination, the girls should do very well. GO SAINTS!



SWIMMING

The 1981-82 girls track team, under the direction of Mrs. Lydia Harney, Jill Duncan, and Louise Tonascia, look for a very challenging season. This season is hopeful with such fine athletes as: Molly Ruedas Maureen Silveira, Pam Biglow, Chelli Heisler, Keysha Gilbert, and Becky Reese. They all have the kind of attitude it takes to produce a winning team. Coach Harney sees Righetti, Arroyo Grande, and Lompoc as presenting the most competition in league meets. Harney has been coaching for ten years here at Santa Maria High School, but this year has resigned as the coach for girls track.

Returning for the second straight year, is Miss Jill Duncan. She is a one year graduate from Cal Poly San Luis Obispo. She was a former SMHS track star. Jill has a good knowledge of what it takes to make a winner. She hopes to help each girl find success in what ever her capability and most of all have fun. If the girls are blessed with an injury-free year and work to their potential there is no doubt that we will be reading about them in the newspaper. Good Luck!

AND FIELD

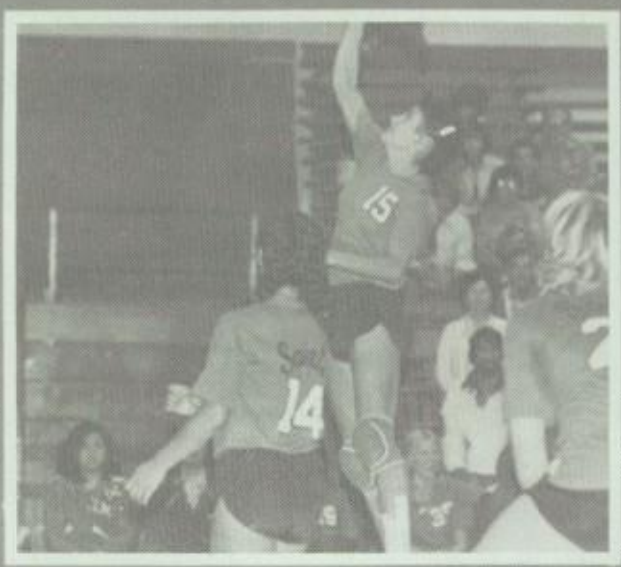
Becky Reese trys hard to catch up.

Pam Biglow sprints into finish third in the first league meet.

The S.M.H.S. Varsity Volleyball Team, under the direction of Coach Janice Kennedy, made history this year! They beat Righetti, cross town rival, for the first time in seven years. Righetti also posed the biggest challenge. They also beat Lompoc and Arroyo Grande who ranked first and second in the league.

All of the girls had great physical skills but were not confident in executing them in game situations, which was the main weakness of the team. But as the season progressed the girls became more confident and proved themselves winners by defeating their last three opponents.

"Most Improved" went to ***Andreanna Yanez*** and ***Pam Biglow.*** Both are outstanding athletes and showed their willingness to work hard and become starters by the end of the season.



Although the girls didn't have a "winning" season, score wise, this was the best year Santa Maria Volleyball has ever had. The girls stayed together and worked hard to achieve their maximum capabilities they learned quickly and were optimistic about their abilities.

"Most Valuable" went to ***Linda Martinez*** and "Best Defense" went to ***Kelli Estalio. Barbara Sousa*** and ***Rhonda McGee*** were also fine attributes to each game.

The prospects for next year look great! We have a young team and nine out of twelve Varsity players will be returning. So the Santa Maria Volleyball team should be strong in the years to come.

Andreanna Yanez works hard for a point.

The Santa Maria High School J.V. Volleyball Team, with the help of Coach Dave Steller, captured the championship in the league.

The main goal for the J.V. Team was to show fine sportsmanship, so as to create enjoyment in playing. Once you enjoy doing something you usually do it well, as the J.V. record clearly shows.

Patricia Truby was voted "Most Improved" and was well deserving of the honor. All in all, the entire team improved together, but those who stood out were ***Tina Nunez, Grace Varela, Wendy Purgarich,*** and ***Jennifer Utitus.***

The team was the best looking, most spirited, and had the best personality of the league. They liked the game, liked each other, and liked to win.

The leading servers were ***Judy Jimenez, Teresa Perales,*** and ***Laura Jimenez.*** Each of these girls scored seven consecutive points.

Their desire to play the game and their competititve attitude with each other to win that starting position was one of the J.V.'s many strengths. The team played well together and praised one another to build positive attitudes.

Their team spirit was great. Both J.V. and Varsity seemed to be the most vivacious team in the league, but always displayed courtesy and good sportsmanship towards their opponents.

The J.V. Team looks very promising with fourteen returning players. The prospects for next year will be to begin with the fundamentals again looking for those with the greatest desire to learn. Those who want to learn will do well, and this is what constitutes a winning season!

The 1981 Saints girls tennis team experienced a difficult season and met with defeat along the way. With the help of Coach Helen Valdez, they also had their share of victories. The outstanding players this year were: June Aoki, Most Valuable player; Leigh Zacrep and Staci Tobin, most improved; Brenda Maynard, leading scorer. Miss Valdez said that overall this years team was inexperienced, but the girls worked very hard and she's looking forward to next season.

THE HEART OF A POET IS MADE OF COAL

The heart of a poet is made of coal;
It is housed by a facade of an iron furnace.
Its ideas are sperked by those who surround it.
It uses the fuel created by others to stay lit.
While the poet is idle, he has a slight glow,
Quietly responding to all stimuli as he goes
About tending his fire.
When fueling the poet with love, kindness,
Respect, and friendship, he is warm and is eager
To give off his warmth to all those with a chill.
When the poet is neglected, his glow becomes
Dim. The tears of a poet, if not caught, will
Extinguish the coal, creating gray, fragile
Ashes, leaving the iron furnace cold.
If rage or betrayal are fed to the poet, the
Furnace will burn red hot with fury, eager to
Explode like a volcano if not given a chance to
Cool down. Take care in the fuel you feed the
Poet, playing with fire is dangerous.

IT REMINDS ME OF YOU

Walking with the sea
Walking with the sea
and watching the sky;
it reminds me of you
and I just start to cry.

You came with your love words
that swept me away;
and now that you're gone
my mind seems to stray.

I remember the good times,
those sleepy warm nights;
when your strong gentle arms
were holding me tight.

The beautiful ocean
on the cool evening sand;
you told me you loved me
and reached for my hand.

That much in love,
I'd believe what you'd say;
and then came the morning
that you went away.

Now walking on the beach
alone with the sea;
it reminds me of you
and what used to be.

WHY DID THINGS CHANGE SO FAST?

Everyting was bad for me in my past.
I wanted to start over and I did, at last.
One day I was sad,
The next day I was glad.
I had my eye on you for so long.
I'd think of you always, even in songs.
I finally met you,
And I didn't know what to do.
Just looking at you made me feel great.
For so long with you, I wanted to go on a date.
The day finally came when it was just you and me.
I thought it was love, was all I could see.
I was on cloud nine,
And I thought you'd be all mine.
But a few days past and things seemed bad.
All I did was cry and feel sad.
I wondered what went wrong.
I'd think of many things, when I'd be reminded by a song.
I wrote you a letter asking you what's going on,
But I didn't send it to you, because I was afraid of how you'd respond.
So I called you and told you I had to talk to you.
You said you might come by later, days past, a few.
So I called you again and told you what I had to tell you.
You said you really didn't want to tell me to get lost, so you hung up on me.
I really cared for you, couldn't you see.
So now I cry and wonder what went wrong and why it couldn't last.
Why did things change so fast?

LOOKING BACK AT ME

It would be,
we agreed,
an easy parting,
no regrets,
no tears,
no last looks,
but as you were leaving,
I broke my promise;
I looked back over my shoulder,
and I saw you . . . looking back at
me.

BEHIND THE DOOR

Do we really need this nuclear power,
Or is there another way?
We can't put that question off until
tomorrow.
We have to find another way.

If there is a nuclear accident,
we will have to pay the price.
It's like being in one big crap game,
where the people are the dice.

From nuclear plants to nuclear bombs,
these are all keys to open one door.
And behind this door, is something
very frightening,
it is called a nuclear war.

THE LAST FAREWELL TO ARMS

Rejoice, O countrymen,
For we have won;
The glorious conquest is ours!
(And the coffins came rolling in)
This tranquility for which
We bravely fought
Is now ours to administer!
(And the coffins came rolling in)
But lest we be disrespectful
To our great grief,
Let us now bow our heads,
In homage, for those
That we have lost.
(And the coffins came rolling in)
(and the multitude sauntered round)
(and leaves blew)
(o'er troubled, hollowed ground)
(to never a discouraging sound)
(and the coffins came rolling in)
Now let us focus forward
To our future,
In this earth of ours,
(Yet the coffins came rolling on)
And extend our hands
In friendship, to the
Eroded nations of our malice.
(While the coffins come rolling on)

MY DREAM

I sit alone
Staring into the darkness
Of my rainbow filled room
With no words on my mind
Only thoughts of you
And my music.
I wonder if love always hurts
And hope I can outgrow my pain
Many cold nights I cry,
With no words on my mind,
Only thoughts of you
And my music.
Many nights we've walked along the beach
Hand in hand
With no words on my mind
Only thoughts of you
And our music.
Many times I've thought of you
You're very special to me
But I must chase my dreams.
Many nights I sit alone
At my piano
Staring into the darkness
Of my gray room
With no words on my mind,
Only thoughts of my dreams
And my music.

Laura Kraft

I know that song
It rings a bell
I think it's her
but I may be wrong

Sitting in a grey room
the radio giving the only color
My mind drifts—
I think it's raining
but no, I'm crying

I know that song
It rings a bell
I think it's her
but I may be wrong

In the park—
I remember
—we walked
she said nothering
but I heard
her loud and clear.
—We loved—
—We cared—

I know that song.
It rings a bell
I think it's her
but I may be wrong.

She told me yesterday
that it wouldn't work
—or did it just feel
like yesterday?—
she was silient—
but I couldn't hear her.

I know that song
It rings a bell
I think it's her
but I may be wrong

The song it stops
the color fades
I see her silouette
and she with another silouette—
one of hard-chisled features
—a boy—

Sitting in a grey room
the radio giving the only color
—but I may be wrong.

I know that song
It rings a bell
I think It's her
but I may be wrong

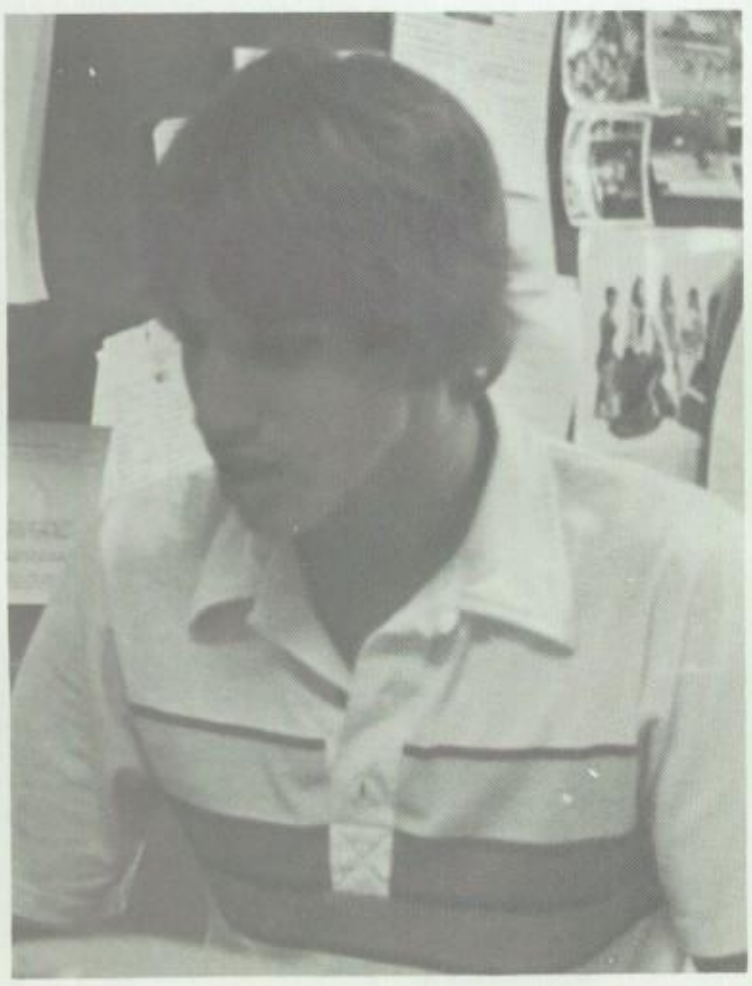
STUDENT

Leaders of the school???

Couldn't we get into alot of trouble, Rod??????

Here's to a great ASB!!!



The Cabinet Preview

Executive branch; ASB President Rosa Sagisi, ASB Vice-President J.D. Wikert, Secretary Sean Cooper, Treasurer Scott Licoscos, Commissioners; Vicki Spalinger-Programs and Rallies, Bill Lucia Clubs and Organizations, David LaBarbara-Chief Justice, Alan Ross-Publicity, David Riloquio-Public Relations, Regina Ackerman-Inner-School Relations, Pat Samonte-CASC Editor, Class Officers.

Running the school activities wouldn't be the same if it weren't for this group of determined, talented, and young leaders of our school. This year our group got together to bring up the schools spirit and the teacher-student involvement. It was hard at the beginning but we managed to work like a team all the way to the bitter end.

We attended conferences throughout the year but, the most exciting and most memorable time we had was at Camp Ramah in May of 1981. It started after the final election, standing in Rod's office we were told who made the cabinet.

GOVERNMENT

So after the long campaigning we were taken to Ojai where we spent three days and two nights at camp Ramah. We got off the bus after a two and a half hour drive. It looked like we were the only school there so we decided to unpack. After long hours of waiting schools from who knows where popped up. I mean schools from all over the state were there. At camp we were brought together to learn the true values of being a great leader. Everyone learned ways of bringing the school and the students closer together to enjoy the highschool life. At camp we not only went to seminars of which our office realted to, but we played games with other students to get better acquainted. The guys enjoyed it just as much as the girls did. For Vicki and I we hope that those cute guys from Calabass attend again this year.

Student spirit was sure shown throughout the days we were there. All I can think back on was the fantastic times we all had especially trying to get the cooks to make us

Can't you find it David?

real food on the table. Yes, I can remember Sean, J.D., David, and Brent all going on diets right after the first meal.

All clubs have there ups and downs and when this club is in deep water we all stood by to see we don't drown. Everything you saw on campus this year wouldn't of occurred if it weren't for this special group and when I mean special I mean every bit of it. With or without an advisor we were able to accomplish the impossible.

VARSITY CHEERLEADERS

It all started out for these girls in the spring of 81. First was clinic for two weeks, then tryouts in front of a panel of judges, and finally tryouts in front of the student body. This was the beginning of a year long commitment for these girls to work hard, be dedicated, and most of all spirited.

The end of the school year doesn't mean vacation for these girls, they meet at least twice a week during the summer to prepare for cheerleading camp which they attended in July at UCSB. Camp is a great experience where they work out constantly, learn new cheers and techniques for games and rallies, and meet lots of new friends. The camp is put on by the National Cheerleading Association who recruits it's staff of instructors from university cheerleaders across the nation.

This year's squad won blue superior ribbons in all judging events, they also won two spirit sticks which is the highest achievement at an NCA camp. Camp was rigorous work, late to bed and early to rise, with the awaiting smell of Ben Gay in the hall ways every morning. Each day's agenda included warm-ups, learning new cheers and chants, stunt and pyramid workshop, and rally workshop. Meals were great, and you can bet those girls ate as if it were their last meal ever. You'd have to if you were going to survive till the next day's meal. To the cheerleaders camp is very special, a week filled with many memories and many new friendships.

When they return they continue to prepare for football season, water polo, and volleyball which will be starting shortly. Along with cheering for these sports during the fall season they are putting together skits for rallies, decorating the team's lockeroom, and on occassion baking them cookies. When the spring season starts they attend as many games possible for Boy's basketball, Girl's basketball, wrestling, and soccer which keeps them very busy.

Many times the duties of a cheerleader are overlooked. To have a really good squad you need individuals who will dedicate their time and be willing to sacrifice many things. You won't always get that type of a crew, but when you do it's great!

VARSITY SONGLEADERS

It was the spring of 1981 when Songleading tryouts were held. After going through 2 weeks of clinic, passing screening and going through the voting the real work begins.

When summer begins the girls chosen already have their uniforms picked out, and usually have their camp and date set. Camp is mandatory for every girl. The girls work hard to raise money for both camp and uniforms. They hold car washes, sell candy, flowers and have an annual cheerathon. Songleaders also begin to work on a dance routine which they take to camp to get judged on. This years squad won many ribbons including 1st place on their home routine. They also won the high honor spirit megaphone which is only given to one squad there.

Songleaders cheer at home and some away games for football, volleyball, waterpolo, soccer, basketball, and wrestling. They help promote spirit by dressing up on dressup days and performing at rallies.

This year's squad got off to a fabulous start. These girls were chosen in September to represent the Freshman Football and Basketball teams. They went through hard practices and training, learning the true meaning of clinic.

The squad then had a coke sale to raise money for their uniforms. They also sold candy bars to help cut the price of the uniforms.

The Spirit of these girls, as usual was very high and loud.

SPIRIT

Drill Team has become a very important part for all the members of this years squad. Clinic, tryouts, practice, performances, & competitions barely touches the surface of these girls work. Since June 6th of last year these girls have been working together as a family, to bring pride & recognition to S.M.H.S. As of this time they have done just that. Bringing home from the United Spirit Association summer camp a first place trophy, and a superior trophy, from this years christmas parade a first place, and on a first time trip for Santa Marias' Drill Team to Ensenada, Mexico, 2 Most Outstanding Performance, and a Most Outstanding Entertainment; top honors of the competition. They have also had more fun than words can tell in supporting the football & basketball teams by spirit raides. Cars covered in lipstick, beds filled with candy, and decorated pillowcases are a few of these raides. The Drill Team has also been invited to a Competition in Hawaii for next years squad, so for this competition and the many others they have planned for this year. The Review Staff wishes The 1981-1982 Varsity Drill Team good luck, and keep up the great work.

BAND

Santa Maria High School Marching Band

The Saints Band really came together this year. And getting our act together really paid off!!! We went to Ensenada, Mexico for four days, and competed in a parade where we won top honors for our outstanding performance.

Dan Lishin, our director, stuck with us and pushed us to reach our goals. Thanks to him, we have become a strong musical unit. We never would have made it without all his extra time, patience and talent.

The Band deserves a standing ovation for coming back strong after some very shaky years. Keep up the good work Saints. Band members are: Barbara Wiley, Drum Major, Carrie Dewey, Wendy Bruno, Alyson Demeter, Betty Wiley, Lorraine Gunter, Henry Ciddio, Letty Hernandez, Kim Grose, Laura Kraft, Jeff Sandborne, Terry, April Hoey, Scott Dewey, Mark Brown, Albert Conchola, Scott Gunter, Rob Anderson, Kim Zabala, Shelby Dodge, Terry Moore, Joe Sousa, Scott Royal, Steve Getz, Bill Royal. A terrific jolt was felt in the vocal music department this year when the destructive hand of an arsonist set room 420, the choir room, ablaze. The November fire did an estimated $30,000 worth of damage, ruining choir robes, sheet music, a grand piano, and newly purchased sound system which was to be used for recording purposes.

Many people have memories of room 240, but none are as fond as those of vocal director John "Rod" Rodriguez, who spent the previous nine years teaching vocal music to an estimated 300 students over the years. The fire was only a minor set back to the two groups who presented their annual Christmas Concert as scheduled.

Grand Staff is comprised of Pete Bowden, Melinda Dennell, Robert Feldman, WondVonda Grice, Treasurer Laura Kraft, Secretary Glenda Liming, Angela Pope, Patrick Samonte, President Barbara Wiley, and Vice President Betty Wiley (in alphabetical order).

The combined groups are also responsible for a score of other activities, such as the Senior Farewell and Spring Concerts, and the attending of various music festivals and performance tours. These activities help inable the groups reach their goals to experience and promote the knowledge and fun of performing vocal music. Grand Staff likes to take this a step further by striving to develop advanced knowledge in the vocal music field, and the attending of the University of the Pacific's annual music clinic.

A major project taken on by the performing arts department was the revival of "Cherubiety," a major musical revue, presented this year with a western motif.

Six long, tedious weeks went into the production of Cherubiety, which included auditions, learning lines, practicing music, building sets, setting lights, sewing costumes, gathering props, creating publicity, and trying to find a piano player.

Cherubiety, directed by Judi Rucker, Choreographed by Kathy Orvis, and with vocal music directed by John Rodriguez, ran from November 18th to the 22nd.

PERFORMING ARTS

The Ethel Pope Players, with advisor John Schlenker, also sponsor the annual Henry Awards, pictures with Santa at the Christmas Faire, and many other fundraisers in order to promote dramatic involvement on stage and off.

The Santa Maria Stylistics, advised by Kathy Orvis, also perform an annual dance concert entitled, "Get Jazzed," presented in the spring of 1982, The Stylistics goals are to help further dance as an art form and to develop and promote the use of individual talent, self expression, and creativity.

GREENHANDS

The Santa Maria chapter of Future Farmers of America is the largest in the section and also the largest club on campus. It is a growing organization for young men and women to develop their understanding of agriculture.. Our chapter has many judging teams that have place well in contests all over the state. For the last five years we have had state winning teams that have traveled back east to Kanas City to compete at the national contest. Our chapter has the only high school level pull tractor in the United States. This year our chapter has really worked hard and accomplished alot for the school and the Santa Maria Valley.

The goals of FBLA-PBL are as follows:

1. Develop competent, aggressive business leadership.
2. Strengthen the confidence of students in themselves and in their work.
3. Create more interest in and understanding of American business enterprise.
4. Encourage members in the development of individual projects which contribute to the improvement of home, business, and community.
5. Develop character, prepare for useful citizenship, and foster patriotism.
6. Encourage and practice efficient money management.
7. Encourage scholarship, and promote school loyalty.
8. Assist students in he establishment of occupational goals.
9. Facilitate the transition from school to work.

BUSINESS

The FBLA Experience-Come Join In

The big pay-off!

What could be more exciting than running you're own store? Here at Santa Maria High we have our very own student store and who else runs it, but the Future Business Leaders of America.

Jumping from 7 members to 55 members this present day, this active group is full of dependable, responsible, conscious Sophomores, Juniors, and Seniors.

In the past FBLA has always performed exceptionally well in National and State competition. Personally speaking with Mr. Salazar, the advisor, I asked him if there were any events that he felt were difficult for his students to accomplish, fortunately enough there was only two areas, public speaking and data processing. These students, however, don't let anything stand in their way, placing in the events.

FBLA isn't all work but fun also. These students travel all over the state. Although competition is on their minds, site seeing is also anticipated. This year they will have attended National, State, and Southern California competitions. Nationals will be in Indianapolis, Indiana this years state in San Jose; and Southern Section at John F. Kennedy High School. The members are awarded scholarships, certificates, trophies, and recognition throughout the state.

Mr. Salazar goes on to say that FBLA is worthwhile and builds confidence. He"ll never forget the memorable experiences he received when traveling to Denver, Washington D.C., San Francisco and New Orleans. The competitions and different towns and cities will always be special memories for Mr. Salazar and his students.

FANTASY

The Wars Club ***(Wargames Analysis*** and ***Research Studies)*** is a club advised by Mr. Sam Johnson. Their avowed purpose is to promote such fantasy war games as Dungeons and Dragons and to attend Science Fiction conventions. It also provides a unique opportunity to meet new friends. The Wars club also was involved in such fund raisers as football concessions, Christmas Faire, and selling designer mugs. Officers for the Wars club this year were President Aaron Shiroma, Vice President Joey Bayless, and Treasurer James Clark

On a warm and breezy Friday afternoon, 40 CSF'ers piled into a school bus. Many of us had equipped ourselves with pillows, blankets, magazines, and other paraphernalia. He knew that it was going to be a long ride ahead.

Our laughter and low mumbling blend with the bus's rumbling motor as we chug ahead towards Mickey Mouse and Space Mountain.

Suddenly we spot the ole "Golden Arches" and we know we've reached our half-way point. As soon as the bus stops, we jump off to a Spaceship Happy Meal dinner and Chicken McNuggets.

Most of us return with flying saucers and game cards. It's not long before we're playing cards, telling the latest jokes, and acting out charades. Time flies, and before we know it, we spot the Matterhorn peak. A banner welcomes us as we drive in. Hundreds of high school kids are transformed into seven year olds as they all rush to the ticket entrance. As soon as we pass through the gates we're set loose in a magical wonderland. Some are off to Space Mountain, others to Fantasyland, and others to munch out at the 1st popcorn stand they see. The weather is warm with just a touch of coolness to make it perfect.

At 1:00 A.M. we drag ourselves to the bus, each of us with a dozen souvenirs, and 9/10 of our wallets empty. We shrivel up in our seats, trying to sleep comfortably in 1 cubic foot of space. He're exhausted and cramped but we all can't help smiling just a little bit when we think of the thrills of Thunder Mountain and the chills of Haunted Mansion. Yes, our feet are beat and calloused, but we'll be back next year; we'll be back next year.

SMHS STUDENTS INVADE CAPITAL

From March 29th through April 9th, eight Santa Maria High School students accompanied by Mr. Urbanske and Mr. Yates toured the nation's capitol. While in Washington and group visited the White House, the Supreme Court, the Senate, the House of Represenatives, Arlington Cemetry, the Kennedy Center For The Performing Arts, the Smithsonisn, Mt. Vernon, and the Commerce Department as well as meetings with Congressmen Lagomarsino and McCloskey and Senators Cranston and Hayakawa.

In order to create a means of cultural exchange and to represent the backgrounds of many of the students attending Santa Maria High School, certain ethnic groups have developed their own organizations. These organizations sponsor numerous fundraising activities such as concession stands, carnation sales, dances, and booths during Festival of Nations Week. Among the traditions performed by the ethnic groups are the Candy Cane Ball sponsored by the Black Students Union the Ballet Folklorico performances of Club Anahuac, and the honoring of September 16th and May fifth by SOMOS. Anahuac, a name referring to the area controlled by the Aztecs during their height of power, attempts to intergrate its club members into school activities and expose the school community to the Mexican culture, while SOMOS caters to the Chicano student and plans to attend a youth conference at Fresno State University. The Black Students Union was first organized by students in 1970 and invites members of all races to participate in an ongoing organization and their celebration of Black Heritage month.

TRAVEL

Where's The Snow?

Getting this club together started off slow this year. One of the major reasons was due to the fact that they had no advisor. However, Mr. Ed Spalinger took the responsibility over these kids.

The club objective was to make money and then go skiing. They earned money by selling goods during the Christmas faire.

When asked, "Why did you form a ski club?," president David Labarbara replied with, "Why not-nobody else goes skiing." Club officers: David Labarbara-president, Carl McMahon-vice-president J.D. Wikert-treasurer

Front: Frank Pepito, Renne Lopez, Aaron Shiroma, Back: Andre Bell, Sandra Lopez, April Hoey, Maureen Silviera, Roy Dugger

Climbing The Mountains

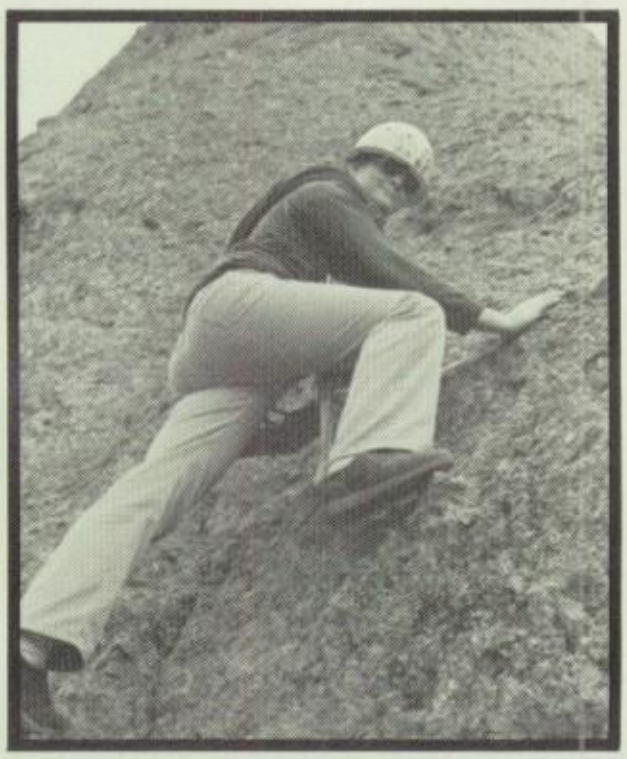
Climbing a mountain for half the school would be an impossible dream. For these students however, that dream is a reality. They learned the tools and techniques of rock climbing and the true importance of the outdoors.

The most exciting experience these explorers' had was meeting one another and exchanging ideas of rock climbing.

Relaxation seems to be the groups word, I wonder why? Club officers: Heather Craig-president, Maureen Silveira-secretary Dena Dugger-treasurer

GREATER HORIZONS

Sam Johnson, is this a natural high for you?



"I've got a piece of the rock", says Robert Roche.

Top: "Can we stop for lunch?" says Jim Allcorn Bottom: Joe "COOJ" Yates scales the mountainside.

The Greater Horizons program is now in its third year at Santa Maria High school. It is designed to enhance the confidence and assertiveness of those who participate in the activities. Rock climbing, camping, and intra-group activities are the means used to accomplish these goals. Each year two or three of these trips occur. In December, Mr. Sam Johnson, Ms. Nellie Rodriguez, Ms. Linda Ahrens and Mr. Joe Yates took a Greater Horizon group to the Pinnacles National Monument. The students were: Jim Alcorn, Danny Pacheo, Harvey Mascorro, Robert Roche, Jeff Sanborn, Lee Roy Shirley, Kathy Nugent, Michelle Christensen and Lily Sagisi.

Two additional trips are planned, one to Joshua Tree and the other to the Pinnacles and Yosemite National Park. Funded by the School Improvement Plan, the Greater Horizons program received outstanding marks from an evaluation team from the State of California.

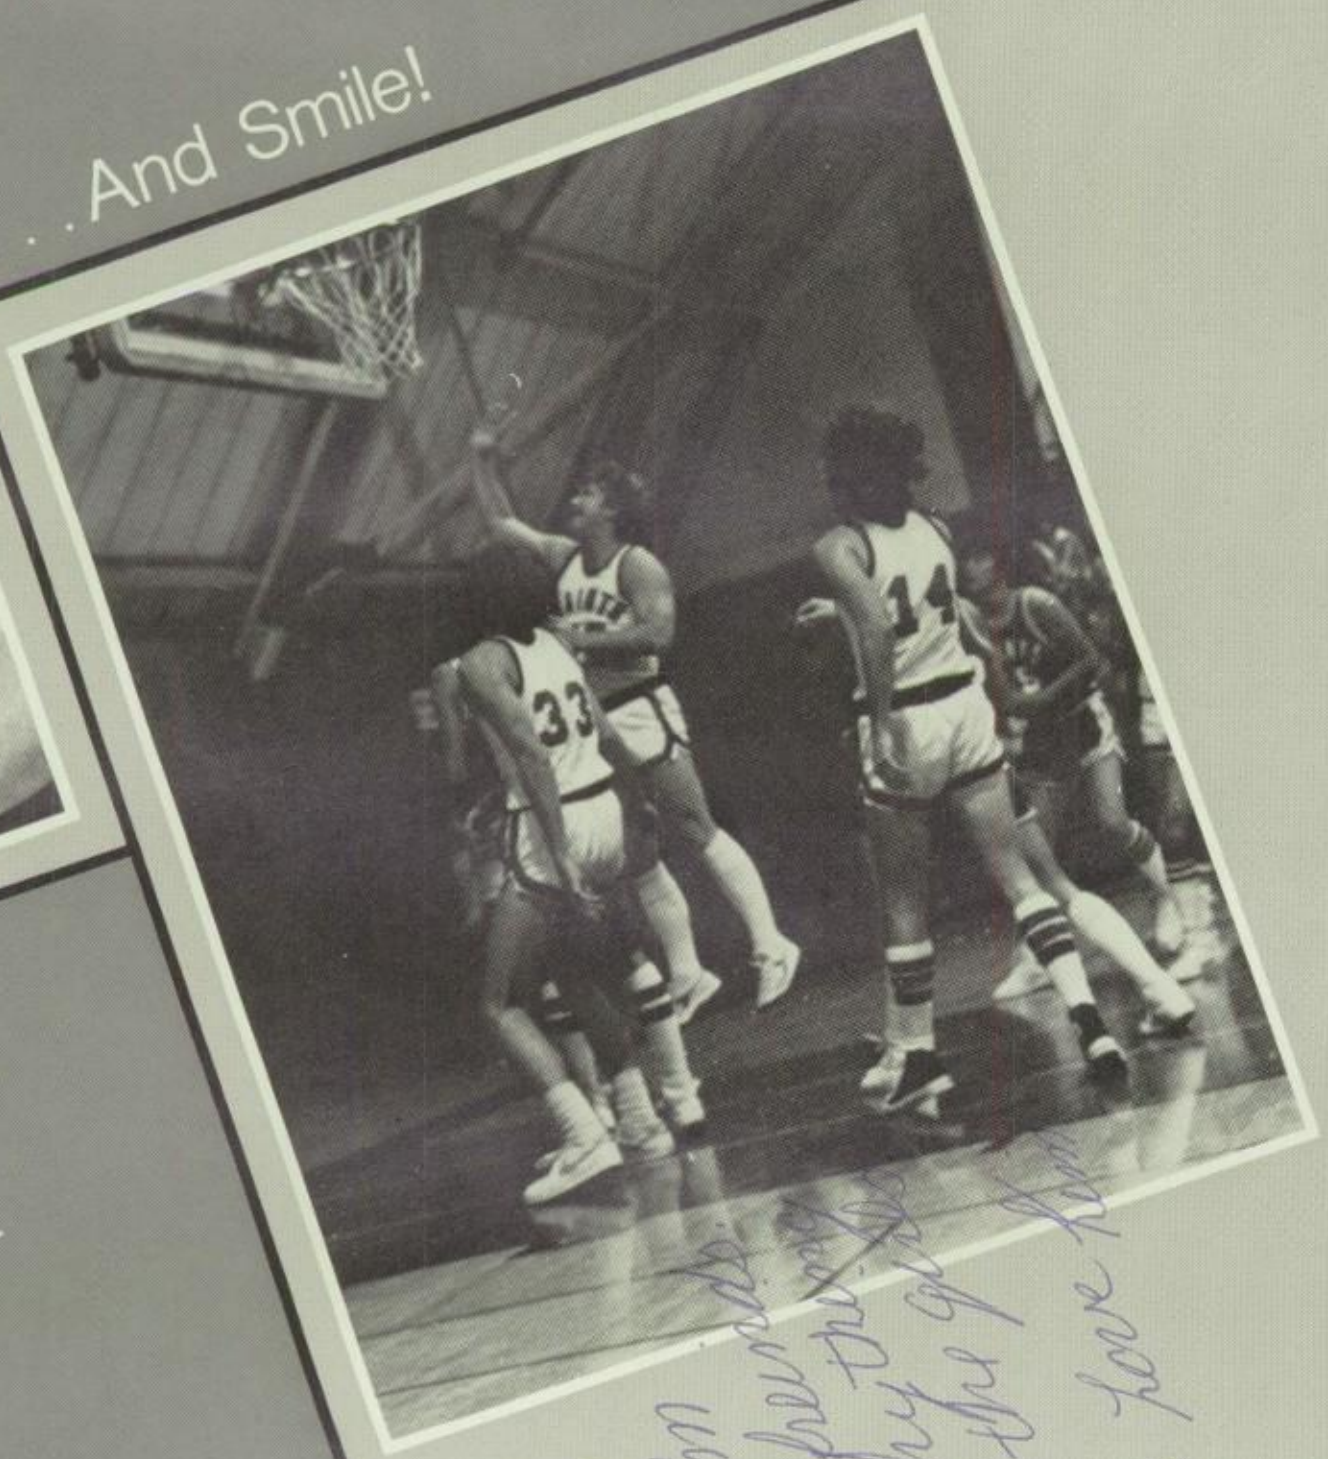
Be On The Staff . . .

. . . And Smile!



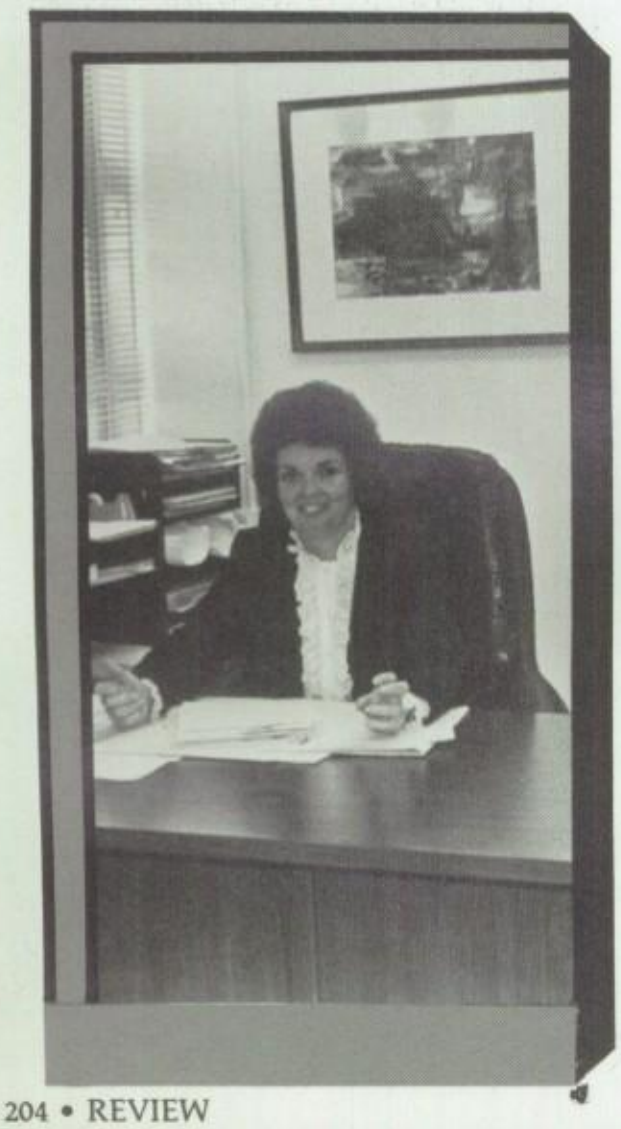
Bonnie, you are a super guy. I'm glad we met this year and this game. Have a great summer. Good luck on all you do & with all your future plans. Bye Bye

Dr. Doris Corder is finishing her first year as Principal of Santa Maria High School. For the past four years, Dr. Corder was an Associate Principal in charge of the School of Entry and Essentials at Santa Maria High School. She has been employed in the Santa Maria High School District for twelve years, relocating here in 1969 from Southern California.

Dr. Corder stated that a major goal at Santa Maria High School this year has been to help students improve their achievement levels by providing the most productive educational environment possible. She also stated that through the joint efforts of the students, parents, and staff of Santa Maria High School, outstanding progress has been made in this area.

Dr. Corder indicated that July 10, 1981 would always be a red letter day on her calendar. It was early that morning that Mrs. Corder was informed that she had earned her doctorate in secondary education, curriculum and instruction from Brigham Young University. Less than two hours later, she also received news that she had been appointed the first woman principal in the ninety year history as a local high school district.

YES, I AM A WOMAN.



A student will always remember . . .

Being sent to the principal's office isn't a dream that every student has. However, stepping into Dr. Corder's office may be a different story.

I can still remember the first day I was introduced to Dr. Corder. It happened during the summer of 1981 when she was pronounced the new principal of Santa Maria High. I was asked to go to her office for a brief interview (for most students, being interviewed for anything by anyone is like a conviction). I was very nervous and I began to dream up horrid images of how a principal was. I couldn't help but feel like a child who was going to be punished for doing a naughty thing. To my surprise, after conversing with Dr. Corder, the terrifying images desappeared and I was soon let go.

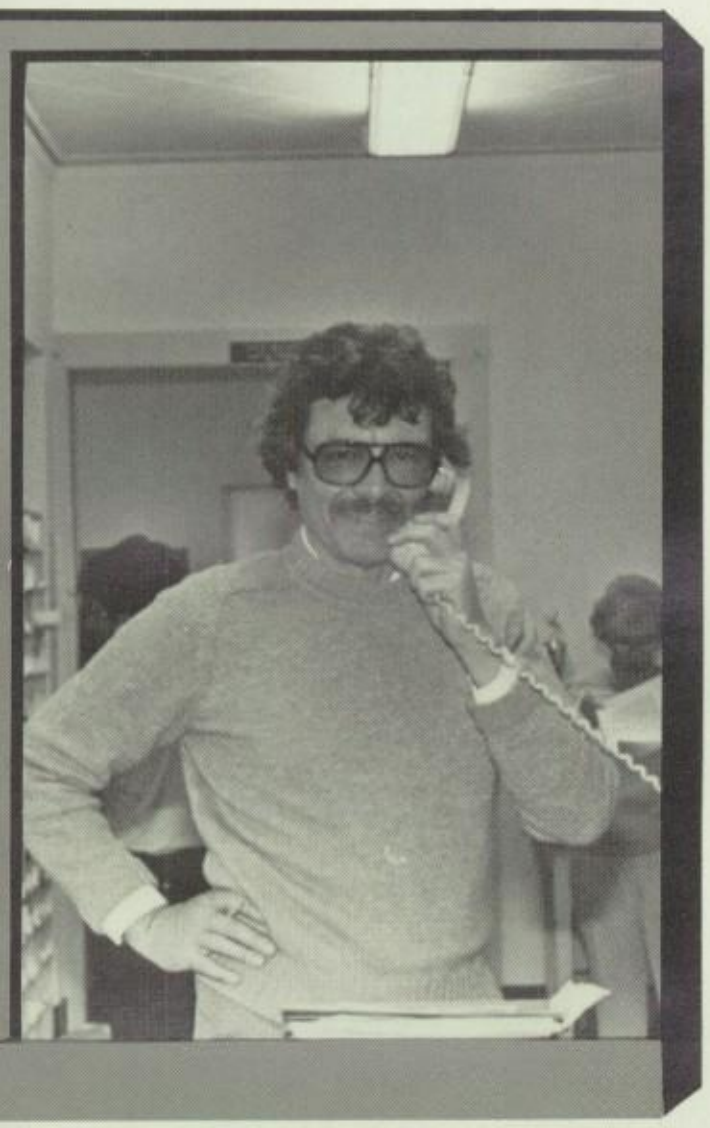
Although Dr. Corder is a woman don't underestimate her, she has the power and esteem a man has. She's just like any male principal.

This year, however, she did something no other principal has done in the past. That was involving herself within the students.

I have never seen a principal so active and involved with student activities as I did with Dr. Corder. I can still remember her dressing up like a witch during Halloween and, during the Christmas faire, I'll always remember the "grinch" sign on her back.

Yes, Dr. Corder, you are a woman. ***A woman who has talents far greater than any man.*** I wish you luck in the future years as Principal of Santa Maria High School.

Rosa Sagisi
Interviewer- Review

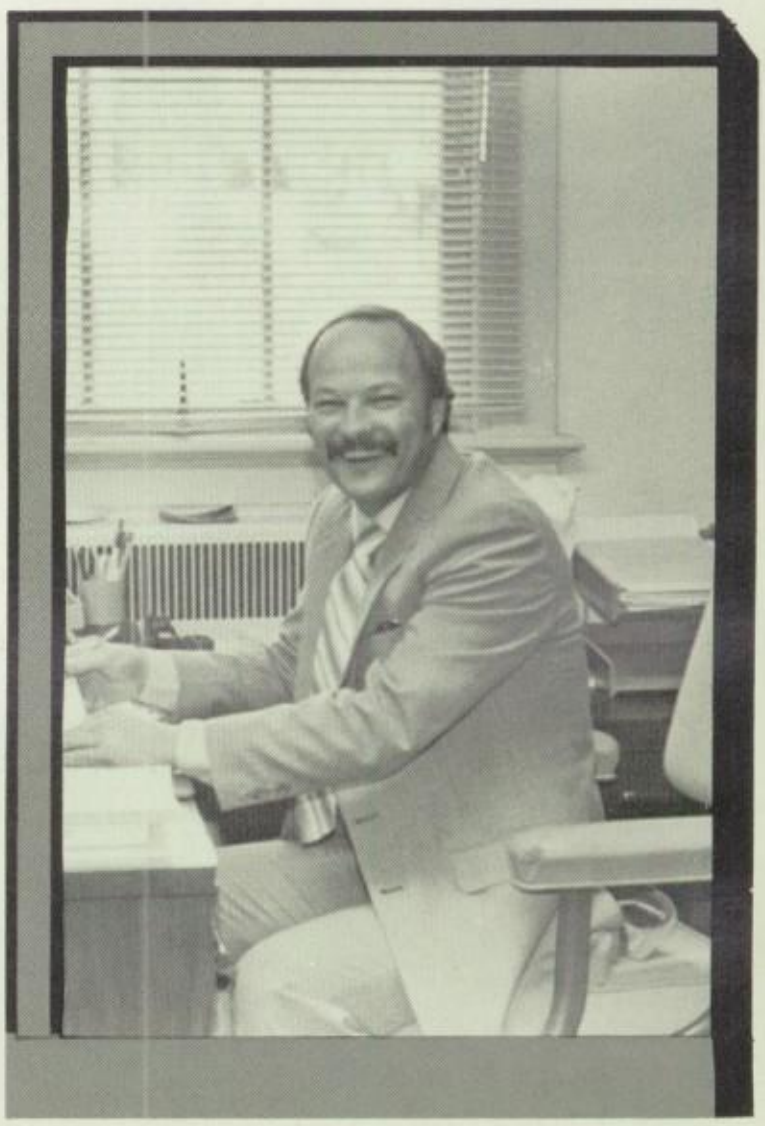


I'd like to share a verse which was given to me by Nadine Tomooka, a 1976 graduate of Santa Maria High School. As you continue with life, these thoughts should go with you.

To search for the good qualities of an individual;
To try to bring these characteristics out into the open;
To give people positive attitudes about themselves;
To let each person express himself in his own way;
To realize the importance of each person's need to belong;
To appreciate an individual for what he is;
To think I can do something special for any human being;
To keep on going when it seems the world is falling apart;
To strive for the best that life has to hold for us;
To understand my weaknesses and to expand on my strengths;
To have met someone who is filled with as much happiness as you show;
To know that because of this year I have grown.

Fred Miller
Associate Principal

PRINCIPALS



Congratulations to the class of '82. You have contributed a great deal to SMHS. I know that you will continue to contribute in your community as you move on to new experiences and challenges.

Working with the freshman class was a positive experience for me this year. The class of '85 got off to a good start toward being SMHS Saints. You had an outstanding year in athletics and made good progress academically.

Class officers worked especially hard in organizing activities and raising money. The Christmas raffle was both fun and rewarding. Keep up the positive work as you move toward graduation.

I want to thank all the teachers, students, parents, staff, and community, people who have contributed time and energy to our success. SMH is YOU. You've made it great for me. Thanks for your contributions and may your future be positive and prosperous.

The courses that these teachers have to offer are English I and II which are required for the Freshmen and Sophomores. After that, the students have a choice of taking Spanish, French, American Literature, Short Stories, Social Protest Literature, Creative Writing, and Composition Workshop. The majority of the English classes are for students advancing to a major college or even a university. However, students who aren't planning to attend college may also take these courses.

These teachers strive to bring out the best abilities of each and every one of their students, helping them in any way they can, to further advance the students' knowledge in Literature.

Every one of them are unique in their teaching techniques and that is what makes them special to all the students.

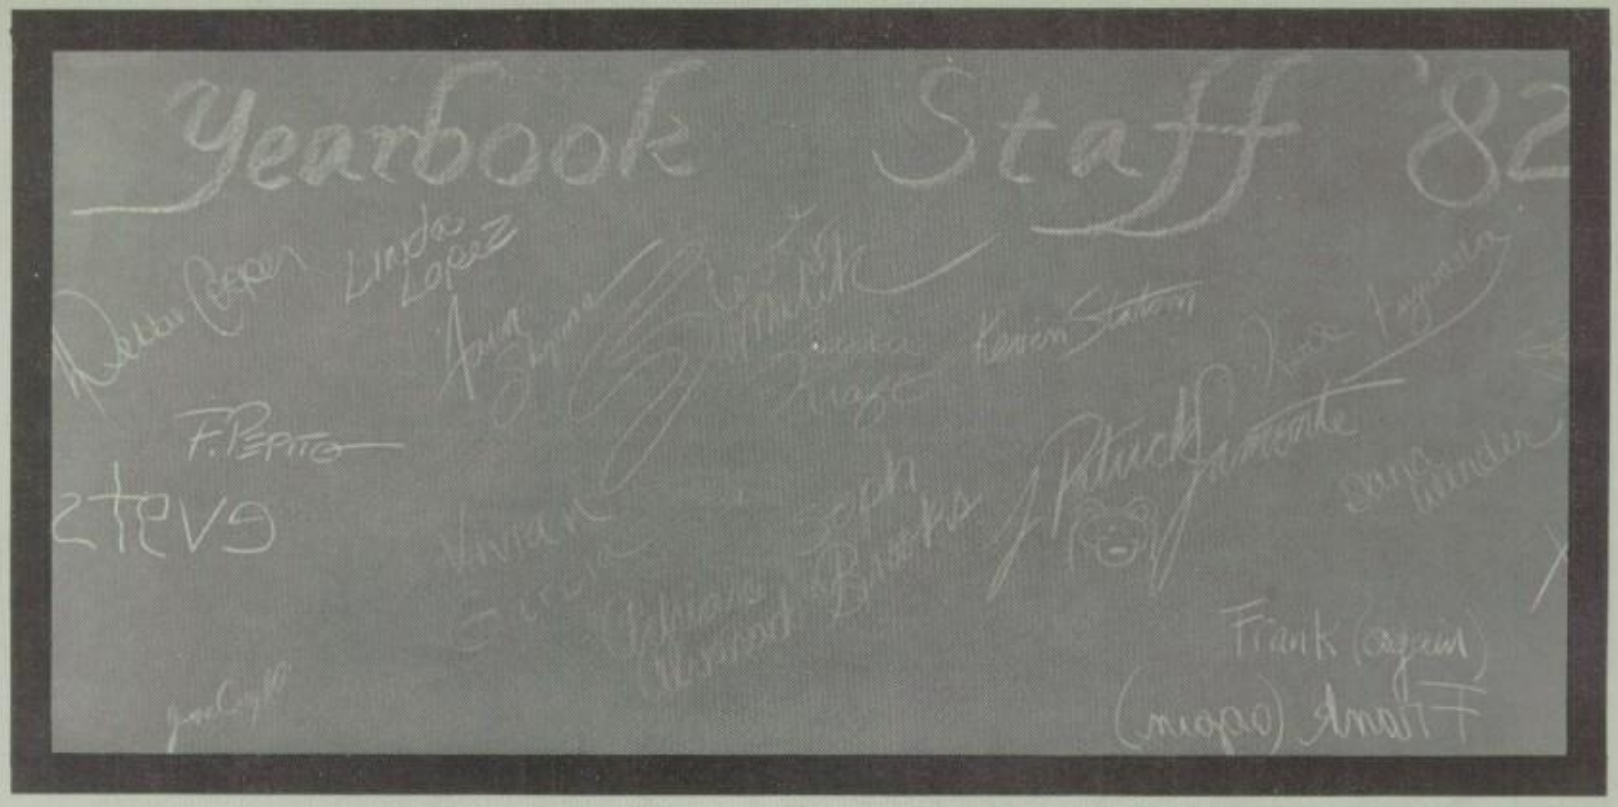
Mr. Statom



I enjoyed the tasks of the yearbook publication and working with all of the members of the yearbook staff. All credit should be given to the yearbook advisor, Kevin Statom, for his infinite dedication and extreme hard work. Special thanks should also go to Vivian Garcia who I worked with throughout the year. Her hard work and cooperation made this publication a success.

The 1981-82 yearbook staff did an excellent job. This year's graduating seniors will subtract talent from the staff that will be missed. The remaining members combined with the incoming staff should make for an extremely good yearbook in the next few years. I hope Mr. Statom continues to advise the staff for years to come, each year improving the publication from the year before. His influence and cooperation are greatly appreciated.

Editor, Debbie Cooper

Editing this year's yearbook with the help of Debbie Cooper and, of course, our advisor Mr. Statom has been one of the most challenging and rewarding jobs I have undertaken.

In order for this year's REVIEW to come out on time, our dedicated yearbook staff had to work endless hours after school, on weekends, as well as vacations.

This year, like every year we have had a variety of new ideas, such as in the staff section, top ten, and the sports section just to mention a few. With these new ideas our staff has made yet another book that is so unique.

I cannot think of enough ways to thank Mr. Statom, our friend, who helped us so very much to get this REVIEW out to you on time for being so patient with each one of us students when the going got tough.

I would also like to thank Mr. Steve Sanders, our yearbook representative, for his help and advice. Also I would like to thank all the Patrons and local businesses for putting an ad in the 1982 REVIEW. Last, but certainly not least, I would like to thank my family who helped me out in various ways.

Editor, Vivian Garcia

Ronnie

a nice guy I met last year in Mr. Kerr's class. The fun we had. I'm really glad I got to meet someone as crazy as you. I just want to say that, have good luck in whatever you do. And don't change for anyone. Because you are very special. "84" rulz!

Have a super summer!

Parties

Ronnie,
Hey kid - wow! trip-out!
You're gonna be a Junior and EVEN
more trippy I'm gonna be a SENIOR.
This year went by so fast and if it
wasn't for the parties I don't think I
could of made it. Remember - at your house?
You got sick - yeah well... We won't talk
about that. But anyways - Ronnie I hope we
can party this - I know we are - especially after
them Brownette games (SUMMER)
The Brownettes better Kick some ass!
Well gotta go take my final
So Ronnie stay nice and cute - and
especially stay with the partying!
Your friend forever
